

Introducing **FREE** Recruitment for Employers

Let Pathway2work help you to staff your business quickly and at NO COST to you...

We can work with you to deliver expert recruitment services that are free of charge to you.

We are an official supplier to the Governments work programme and our role is to get you the right candidates and also help with training and any other additional needs that you may identify.

Let Pathway2work do all the work for you... Pathway2work can take control of the recruitment process, we can screen candidates, interview, train, and even support candidates who may have personal issues that have prevented them from going for the best opportunities in work.

Call 0121 707 0550

Pathway2work-
“We have Core values,
it’s how we deliver the
best service to you”.

Pathway²work
your trusted partner

...with funded solutions to help you staff your business

Pathway2work -

Based at 2 sites in Birmingham and Walsall, we are well placed to help with your needs, covering: Walsall, Wolverhampton, Sandwell, the Black Country and rest of the West Midlands.

Employer Support and services.

A recap of the services that we can offer to employers:

- Commission FREE and flexible service, helping you to reduce your recruitment costs
- Advertising your vacancies at no cost to you on popular job sites
- Pre-screening candidates that meet your criteria
- Marketing of your vacancy to job ready individuals on our database. We have a large pool of suitable candidates who have the right skill set, and are motivated and committed
- We provide post-employment support and aftercare with the aim of increasing retention rates
- You will receive professional, on-going contact, from a dedicated Employer Engagement Officer
- We work with all business sizes and in all sectors, however, we do specialise in helping small to medium sized businesses
